# Palmilla Tennis Club

## *Our History*

The Palmilla Tennis Club was a vision long before it became a reality. Gerry Burchard, a financial advisor and asset manager, had long dreamed of building a state of the art tennis club, and in February of 2008, his dream came true.

Just a year later, PTC hosted first **Champions Tournament**. This was truly an unprecedented event: a brand-new club serving up a tournament of this magnitude. The five-day tourney featured four former #1 players in the world: Pete Sampras, Pat Rafter, Jim Courier and Mats Wilander!

Named the **#1 Tennis Club in Baja** by the readers of *Baja Traveler* magazine, Palmilla Tennis Club has also received an architectural award from the American Sports Builders Association as one of the top new tennis clubs in North America.
